### TO LOVERS OF GARDENS

The lure of the garden is with us again; and we beg to place before you for your consideration a partial list of the things that we consider the finest of the year that are adaptable to our locality. Space in this little folder does not permit long or flowery descriptions of various items. We will be glad to tell you all we know about any particular item in which you are interested. We wish to call your attention particularly to the Tom Thumb Zinnias, Crimson Star Columbine, Deiner's Double Daisy; Mrs. J. D. Eisele, Vaterland, and Gilden Emblem Roses; among the things announced for the first time. And those of you who did not indulge last year in

Golden Gleam Nasturtium, Rose Marie Morning Glory, Rosa Rouletti, and Blaze Climbing Rose we urge you to do so this season. We have omitted The Garden Shop Chart of Flowers from this folder, thinking that most of you have a copy. If any one should like additional copies, these may be had at our store. May we take this opportunity to thank you for your continued patronage, to wish you success for the Gardening Year, and to wish more rain for you than you had last season.

A. B. CALKINS C. W. LARABEE H. G. WHIFFEN

### SEEDS FOR FLOWERS OF SPECIAL MERIT

Pe	r	Per	
AGERATUM—Blue Cap. A new dark blue type developed primarily for borders. The plants have little foliage	cage	MORNING GLORY—Double Rose Marie. An early flower- ing variety with rose pink, double flowers\$.2	
and resemble four inch balls  CALENDULA—Sunshine. Gives a clear golden yellow flower the center petals of which have a tendency to curl in-	.15	NASTURTIUM—Golden Gleam. The finest novelty of last year. Produces a great number of golden, semi-double flowers on 18 inch vines. 50 Seeds, 25c; Pkt	15
ward. This confirmation tends to make the flower have the form of a Japanese Chrysanthemum	.25	PETUNIA—Burpee's Blue. The finest of the true blue petunias in a steel blue shade. The flowers are of the size of Rose Morn and it flowers as generously as	
prove to be most popular. Its lovely salmon shadings are carried throughout the petals, the outside ones being folded backward, thus making the bloom attractive even in bud	.25	that variety	
CANDYTUFT—Miniature Gem. This new Candytuft is particularly adapted to use for the border, or for broadcasting thru the Rock Garden. It is pure white and grows but 3½ inches high.	.15	resembles a dahlia, and the flowers are glorified orange cosmos. Grows six feet high, and almost without care. Our mid-western seasons are much to its liking	
CANTERBURY BELL—New Annual. The greatest objection to the old type was its biennial habit. In this new type which blooms in six months from seed, the Canterbury Bell should come into its own. Mixed	.35	URSINIA—Aurora. Plants are slightly larger than those of Pulchra, being about ten inches tall. The crimson band surrounding the orange corolla makes the flower very attractive	50
CYNOGLOSSUM—Amabile Pink. Introduced last season as a new departure in color for this flower	.25	URSINIA—Pulchra. The finest of the introductions for the border. The foliage is trim, finely cut, and the six inch plants are smothered with orange, daisy-like flowers5	i0
DAISY—Deiner's Double Shasta. The best perennial introduced this season. While the seed does not come more than 50% double, even the single ones are		VENIDIUM—Fastuosum. This South African Annual proved its value last year. Flowers are large, four inches across, orange, with brown center zones	25
superior to any other strain; and the double are exquisite beyond compare	.50	VERBENA—Royal Bouquet. A new upright growing type of symmetrical growth. Colors are mixed, and blossoms are large	25
GEUM—Prince of Orange. An unusual coloring, deep orange, in this deserving perennial. It should prove the most popular of its class	.50	VERBENA—Beauty of Oxford Hybrids. These are seed crossings with the popular Beauty of Oxford and Luminosa. The result is a size like the former and the lustrous beauty of the latter. The colors are shadings of rose to carmine	35
LARKSPUR—Gloria. The best of the newer larkspurs. Deep rose in color without tonings	.25	VIOLA—Arkwright Ruby. A splendid rich crimson	25
LEWISIA—Howelli. A low creeping perennial for the Rock Garden. Grows but three inches high. The bloom scapes, six inches high, are covered with rose, star-like	ne	ZINNIA—Lilliput Rosebud. A true rose-pink form like Salmon-Rose and Red Riding Hood	_
MARIGOLD—Guinea Gold. The compact plants, two and one half feet high, produce all double flowers. The usual odor is somewhat modified	.75	ZINNIA—Tom Thumb Mixed. The tiniest of all zinnias. The plants grow only 4-6 inches tall, and are covered with miniature blooms throughout the year. They are splendidly adapted to bedding or for borders in front of the taller types. Make attractive bouquets for small years or bowls	25

## SELECT HYBRID TEA OR EVER BLOOMING ROSES

Under this heading we are offering only those varieties which have proved themselves by trial to be of the type most suitable for our rather trying climatic condition. Early in the season we are able to offer these plants with dormant roots, later it is necessary that they be handled only in pots, grow-

ing. Some rose lovers prefer one form or the other, and authorities as yet are unagreed on which form is the better. All, however, admit that for planting after the growing season starts, only potted plants should be used. Full cultural directions will be furnished with all our roses.

#### The following group of Roses, each dormant, 60c; Doz. \$7.00

COLUMBIA—Peach-blow pink; a large rose; long, stiff stems.

DAME EDITH HELEN—Pure glowing pink, long buds, strong grower; foliage bronze; one of the new roses; most satisfactory.

ETOILE de HOLLANDE-Rated as the finest of the crimson roses.

FRANCIS SCOTT KEY—Deep red, large flowers, very double; very strong grower.

GRUSS AN TEPLITZ-Dazzling, fiery crimson; always in bloom.

HADLEY-Deep rich velvety crimson.

JONKHEER J. L. MOCK—A two-tone pink, reverse silver white; blooms of magnificent size and form.

KAISERIN AUGUSTA VICTORIA—The best of the white roses, faintly suffused with lemon yellow; a splendid grower.

LA FRANCE—Bright pink with silver cast; very old but has the true rose fragrance.

MME. EDW. HERRIOT—Buds long, slender, coral red, shaded with yellow at the base; opens rosy scarlet, passing to shrimp red.

MRS. AARON WARD—A distinct Indian yellow shading lighter toward the edges.

OPHELIA-A creamy-pink bloom with golden tone.

PREMIER RED-Deep red; very fragrant; thornless and free blooming.

RADIANCE PINK—Our best pink rose, displaying a beautiful rich and opaline pink; averages fifty roses per season and is the best grower and most profuse bloomer of all the pink roses.

RADIANCE RED—The exact counterpart of Pink Radiance in growth and bloom, except it is a deep rich red.

SOUVENIR DE CLAUDIUS PERNET—Long buds, very large, full flowers of clear sulphur yellow; a wonderful garden rose.

WILLOMERE—Rich pink bloom with a yellow glow. Best substitute for Los Angeles.

KILLARNEY-Double white; a fine white of splendid form and great

### NEWER VARIETIES OF HYBRID TEA ROSES WITH SPECIAL MERIT

AUTUMN-A tall grower that produces fine brilliant scarlet buds on long stems. The flowers open in rich golden-yellow and crimson flowers. Each.....\$ .75 BETTY-Buds are copper-pink opening deeper. Strong grower. Each ......\$1.00 CHARLES P. KILHAM—This rose surpasses in number of flowers produced and equals the coloring of the popular garden rose, Mme. Edward Herriot. Each.....\$ .75 DUCHESS OF ATHOLL-Large flowers of bronzy yellow tinged with orange. Good bloomer. .....\$1.25 DUCHESS OF WELLINGTON—Rated as one of the best 12; buds are golden orange, lightening with the maturing blossom; a strong bloomer. Each.....\$ .75 EDITOR McFARLAND-Scintillating pink with a veil of amber. Long stems vigorous Radiance type. Each......\$1.50 GOLDEN DAWN—Large pointed bud of bright yellow that carries a reddish tone. Fine Australian introduction. THE NEW DAWN—This patented rose is the first worth while everblooming rose; it is a sport from Dr. Van Fleet, that has its color and form, with the added value of continuous blossoms; shell pink. Each .....\$1.50

"WHEN WAKE THE VIOLETS, WINTER DIES, WHEN SPROUTS THE ELM BUD, SPRING IS NEAR."

### SUMMER FLOWERING BULBS

AMARYLLIS-	Giant 1	Hybrids. A	A remarkable	e selection for	or pot-growing
or for the	border.	Potted Plan	ants		\$1.25
DEGG03774 F		TO 4 1 2	m	1 1'11 1	

BEGONIA—Tuberous Rooted. These are splendidly adapted to growing in the shade or for porch boxes. Plants are 1 foot high with large blooms. Red, pink, salmon, or white.

2" Appreciar Single Each 30: Doz \$3.00

CALLAS—Giant Golden Yellow. Can be very successfully grown in the border during the summer. Will grow in shade. Plenty of water should be supplied to increase size. Jumbo Bulbs. Each .50; Doz. \$5.00.

CANNAS—We believe the most satisfactory way of getting these plants is to buy potted plants about the 1st of May. These will come into bloom a month before those started from bulbs, and are little more expensive.

#### DAHLIAS

The following list of dahlias has been prepared for us by a local authority. These he says are the cream of the old and new in the different types, the ones that can be depended upon to give the maximum amount of bloom. Many that are equally lovely in cooler climates he has eliminated as they produce inferior results in this locality.

			Size of	Price
Variety	Type	Color	bloom	
Mrs. I. D. Ver Warner Dec	orative	e, Mauve Heliotrope	. 7"	\$ .25

"SHOW ME A WELL ORDERED GARDEN, AND I WILL SHOW YOU A GENIAL HOME."

### UNUSUAL PLANTS

BARBERRY, Verruculosa—The Holly Leafed Barberry—A splendid plant for the rock garden; beautiful throughout the year.  10-15" specimens; each\$2.25
CHERRY, Double Pink Weeping Japanese Flowering—This is the rarest and most beautiful of all the cherries; the flowers are large and are fully double; the seasons outstanding offering.  Top-grafted, 6' stems, 3-year heads
CHERRY, Single Pink Weeping Japanese Flowering—This old favorite is still rare; its beauty of bloom is difficult to describe.  Top-grafted, 5' stems, 4-year heads
CHERRY, Upright Red Flowering Japanese—Campanulata; the only truly red cherry; flowers single and bell shaped; early flowering. 8 foot specimens; each
CLEMATIS, Jackmani—The old favorite with purple blooms; each \$1.00
CLEMATIS, Veitchiana—A handsome new climber from China; flowers are fragrant, yellow, and produced in the fall; each\$2.50
COTONEASTER, Praecox—The best of this class; new and very difficult to obtain; leaves glossy with wavy margins give the plants great beauty; the berries are large and produced in June.  18-24" specimens; each

#### FISH

We carry at our shop at 318 West 47th a line of Fancy Goldfish for use in Aquariums or in Pools.

Commons, Comets, Fringetails, Telescopes, Calico Telescopes, Veintails, Chinese Moors and Tropicals. Prices range from 10 cents up, according to size and type of Fish.

#### LAWN GRASS SEEDS

Every Lawn is a distinct problem. It is impossible to make a set of rules to apply to all. Seeding and Feeding are, however, the two most important factors. If you are having difficulty, call us. We make an inspection and recommendation without charge. The following kinds of grasses are the ones best adapted to our locality.

	130.	o Libs.
Kentucky Blue Grass	\$ .30	\$1.25
Red Top	.25	1.00
White Dutch Clover	.50	2.25
Annual Rye Grass		1.00
Perennial Rye Grass	.25	1.00

LABURNUM, Vossi (Golden Chain)—One of the most talked-of shrubs in the world; it has long wisteria-like clusters of flowers that are golden yellow in color.  3-4" specimens, each
PEACH, Double Flowering Weeping Japanese—This tree is similar in appearance to the Weeping Cherry but its bloom is double and red. 4-6' high, 4-year heads; each
PEACHES, Upright Double Flowering—We have these remarkable trees in three colorings.  Versicolor, red and white, 7' specimen
PRUNUS, Blirieana—These trees have purple leaves with fully double rich pink blooms that are produced in profusion; 5-6' specimens,

WISTERIA, Standard—This new introduction produces beautiful pink flowers in clusters; stems are 4' high; new; 3-year heads; each \$7.50

#### **AQUATIC PLANTS**

LILIES—While all water lilies are interesting, it is greater economy to buy the better sorts in the beginning as all of them increase rapidly. We recommend the following as being superior in their respective color classes.

CHROMATELLA—4-6 inch, yellow blossoms; mottled foliage—each	
EUGENIA DE LAND—Deep rose pink—each\$1.50	
GLORIOSA—Deep carmine changing to red—each\$2.25	
MARLIACEA ROSEA—Soft rose-pink—each\$1.25	
PAUL HARIOT—Yellow-pink-apricot—each\$2.00	
W. B. SHAW—Standard white—each\$2.00	
WATER HYACINTHS—Floating plants with lilac flowers—each.\$ .10	

### **GARDEN ORNAMENTS**

In keeping with our policy on Garden Ornaments, we are again offering to the Gardening Public a representative collection of these items which includes not only the more standard items but also many of the finer things that are usually so difficult to find. It is impossible to

ANTIQUE COPPER JUGS from Russia.
ANTIQUE OIL JARS from Italy.
BIRD HOUSES.
CAPE COD WINDMILLS.
DUBOIS WOVEN WOOD FENCING.
FENCE ORNAMENTS.
FOOT SCRAPERS.
FOUNTAIN HEADS and FIGURES.
FRENCH GARDEN BASKETS.
GARDEN FURNITURE from England.

GARDEN JARS from Spain, America, and Italy.

enumerate and describe each of these items as many cannot be duplicated. We invite you, however, to visit our store, and enjoy these things with us. A partial list is as follows:

GARDEN LANTERNS.
ITALIAN URNS, Fountain and Curbing.
JAPANESE BRONZES.
LEAD BIRD BATHS from England.
POTTERY ANIMALS from Normandy.
STONE BENCHES.
STONE and LEAD FIGURES from England.
SUNDIALS, American made.
SUNDIALS from England, hand engraved.
WEATHERVANES.
WROUGHT IRON, and LEADED GARDEN LA

WROUGHT IRON, and LEADED GARDEN LANTERNS from England. WROUGHT IRON STANDS and BOWLS by Lester Boronda.

WE HAVE ADDED A VERY UNUSUAL LINE OF MEXICAN IMPORTATIONS. THESE INCLUDE LACQUERED BOXES, TRAYS, AND GOURDS, TEXTILES, GLASS, AND MISCELLANEOUS NOVELTIES

# FERTILIZERS FOR LAWNS AND GARDENS

VIGORO - The cheapest, most satisfactory fertilizer for use about the home property; clean, odorless, and effective. 5 lbs., \$ .50; 10 lbs., \$ .85; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.

BLOOD AND BONE-Considered the safest food for roses by many authorities. 5 lbs., \$ .35; 10 lbs., \$ .60; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.

BONE MEAL-Contains Nitrogen and Phosphoric Acid, valuable for use with bulbs and where a slow acting food is desired. 5 lbs., \$ .40; 10 lbs., \$ .75; 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.50.

LIME—This is not a fertilizer; not to be used on lawns except in rare cases; a soil sweetener. 10 lbs., \$ .35; 50 lbs., \$1.25

PEAT MOSS-A humus that retains moisture, and prevents crust forming on soils; a splendid mulching material; small bale, \$1.25; large bale, \$4.50.

SHEEP MANURE-Natural unadulterated product that has been heat treated to kill possible seeds, 5 lbs., \$ .35; 10 lbs., \$ .60; 25 lbs., \$ .90; 50 lbs., \$1.50; 100 lbs., \$2.25.

SULPHATE OF AMMONIA-Desirable for its Nitrogen; an acid reacting form that tends to discourage weeds. 25 lbs., \$2.00; 50 lbs., \$3.00; 100 lbs., \$5.00.

VIGORO-The cheapest, most satisfactory fertilizer for use about the home property; clean, odorless, and effective. 5 lbs., \$ .50; 10 lbs., \$ .85; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.
